

Re-Opening Plan
St. Matthew Episcopal Church
Browns Point/Tacoma, Washington
(Version 3-25-2021)

St. Matthew will remain All-Virtual until vaccines are available for all persons regardless of age or health status or until the pandemic is declared to be over, whichever comes first. Then at that time, the parish will review any protocols on gathering along with the administration of the sacraments the diocese may have, if any, and adhere to them accordingly. If protocols are to be adhered to that are not customary to those prior to the pandemic, this document will be amended as necessary and submitted for review to the Bishop and Diocesan Chancellor to resume physical gathering.

For information on our current protocols, please see
<https://www.neighborhoodparish.org/coronavirus-updates.html>.
